# Jenisha S

Frontend Developer Intern

**I'm a frontend developer skilled in HTML, CSS, JavaScript, React.js, Tailwind CSS, and Bootstrap. I build responsive UIs, work with APIs, and also have experience with Python. I'm now looking for a React internship to sharpen my skills and contribute to real-world projects.**

## EDUCATION

### Artificial Intelligence and Machine Learning
Panimalar Engineering College

*09/2023 - 05/2027*                                    *Chennai, TamilNadu*

## PERSONAL PROJECTS

### AI ChatGPT Clone
- *Technologies:* React.js, Tailwind CSS, JavaScript, Google Gemini API, HTML
- Developed a fully responsive AI-powered chatbot interface mimicking ChatGPT functionalities.
- Integrated Google Gemini API for real-time conversational AI, including dynamic prompt suggestions and seamless user interactions.
- Implemented modern UI/UX design with Tailwind CSS to ensure a clean, fast, and accessible experience across devices.
- https://chatgpt-ivb6lqlcd-jenishas-projects-ffa545b4.vercel.app/

### GenZ AI Translator
- *Technologies:* React.js, Tailwind CSS, HTML, Framer Motion, Deepseek R1 API
- Built an innovative AI-powered language translation tool targeting Gen Z users with a sleek and interactive frontend.
- Leveraged Deepseek R1 API to deliver fast, accurate translations with contextual understanding.
- Enhanced user engagement with smooth animations and transitions using Framer Motion, ensuring an immersive experience.
- Designed fully responsive layouts for seamless usage on desktop and mobile devices.
